Features

The Leblanc LBS711DIR professional baritone saxophone marks the next generation of saxophones designed after the professional line of French saxophones. The LBS711DIR saxophone has rich, mature tonal complexity and features post to rib to body construction from premium gold brass. The 4-point bell brace, triple strap ring, and double-arm low C, B, and B flat, combined with a hand-adjusted neck, Pisoni Pro pads, and a one-piece, hand-hammered bell set the LBS711DIR apart as a true leader in its class.

With a range from low A to high F#, the Leblanc baritone saxophone boasts power-forged keys and longer rods made of nickel silver to ensure consistent and durable performance. Leblanc's meticulous hand craftsmanship includes a proprietary 3-phase tone hole leveling process for precisely level tone holes for long-lasting accuracy and stability. Carefully adjusted blue steel needle springs establish a light and fast key action fitting to the Leblanc brand.

The 711 series baritone saxophone is adorned with gorgeous hand engraving and includes a premium, protective case with wheels and storage areas. Every Leblanc saxophone is professionally set up, play-tested, and adjusted to ensure each saxophone is received in optimal playing condition to help the saxophonist continue confidently in their musical journey.
